KAUR, Augustana's student-run radio station, was described by general manager Dave Scarbrough as "a service to the community, offering an alternative to commercial stations in Sioux Falls, while attempting to shed a positive light on Augie." The station gave students a chance to have hands-on experience in not only Disc jockeying, but running the station as well.

Involvement in Spring Fling and radio coverage of almost all home

football and basketball games were other services the station offered students and the Sioux Falls community.

Scarbrough said that the station offered the Augustana perspective to the community "through our unique and fresh programming and airing Augie events like chapel." He added, "KAUR has a long history and has completed many hurdles. We have a great deal of support from the community and will continue to be the Voice of the Vikings."
